# H4.0-5.0UT

---

# FEATURES

## 1 HIGH STRENGTH OHG

Overhead guard featuring high strength profiled steel sections to enhance operator protection.

## 2 FULL SUSPENSION SEAT

Full suspension seat that offers excellent comfort, fitted with an operator's presence system as standard.

## 3 LOW STEP HEIGHT

Convenient step placing to suit a variety of driver heights to ensure easy access to the truck at all times.

## 4 WIDE VIEW MAST

The wide view mast delivers excellent visibility of the load and operator's forward field of view, optimising ergonomics and truck productivity.

## 5 SMALL STEERING WHEEL

The adjustable steering wheel is convenient for the operator, providing 8 degrees of tilt adjustment. Allowing for good manoeuvrability when working in confined spaces.

## 6 INDUSTRIAL ENGINE

The UT Mitsubishi Industrial engine provides good reliability and easy sourcing of replacement parts.

# OVERVIEW

---

The Hyster® UT Series provides the ideal solution to meet your less frequent usage needs, without compromising on performance.

## The range

The range consists of 4,000-5,000kg. IC counterbalance, pneumatic tyre forklift trucks, available in three different capacities (lift and load centre):

**4,000KG - H4.0UT**

**4,500KG - H4.5UT**

**5,000KG - H5.0UT**

Each model is available with diesel, LPG, dual fuel, 2 speed forward /1 reverse powershift transmission and a range of front end equipment options to suit varying application requirements.

## Easy to operate

The ergonomically designed operator compartment, with a familiar automotive layout, means that drivers will be able to work comfortably.

A range of standard features and options help to ensure that the truck is configured to the needs of the application.

## Serviceability

Due to the simplicity of the components and specifications, servicing can be carried out quickly and easily.

## Low cost of ownership

The use of high quality, robust components, efficient filtration and excellent cooling helps contribute to reliable operations and lower wear and tear. This, together with the fast availability of cost-effective replacement parts reduces service maintenance requirements and costs.

## Ergonomics

- Hyster UT 3.5" LCD
- Spacious foot room
- Dual suspension system (transmission and operator)
- Hand parking brake lever with button significantly reduces fatigue in operation
- Small diameter steering wheel with adjustable tilt steering column

## Safety and stability

- Wide view mast
- High strength overhead guard
- Muffler and engine protective system
- Low centre of gravity

## Easy maintenance

- Large access area for service and repairs
- Simple components
- Computer-based diagnostics not required

## Reliability and exchangeability

- One piece welded overhead guard
- Exchangeable components across models

## Environmental protection

- Noise isolation material
- Environmentally-aware design

# FEATURES

## ENGINEERED FOR DRIVERS WITH COMFORT, SAFETY AND ERGONOMICS

### Hyster display with 3.5" LCD

- The Hyster UT Series Forklift adopts a 3.5" LCD display, providing convenient viewing of the display data when driving and operating

### Hand parking brake

- Low effort to operate park brake lever
- Hand parking brake lever with button reduces operator fatigue

### Spacious footwell

- Spacious foot room design provides comfort, convenience and safety
- Control pedals provide extra foot space which reduces operator fatigue and increases operator comfort

### Transmission and drive axle

- Heavy duty and robust Powershift transmission with two forward gears and one reverse
- Durable and long life Drive Axle

# FEATURES

## Small diameter steering wheel with adjustable steer column

- The 300mm diameter steering wheel is easy to manipulate, responsive, with optimum maneuverability when working confined spaces
- The ideally positioned steering wheel allows 8 degrees of tilt adjustment, to suit a variety of different operators

## High-strength overhead guard

- Profiled steel overhead guard
- High strength roof enhances reliability and operator protection

## Good through-mast visibility

- The wide view mast delivers excellent visibility of the load and operator's forward field of view. Thus optimising comfort, safety and productivity
- Mast composite roller structure

## Large access area for service and repairs

- Large access space to engine compartment makes service and repairs easy

# SERVICING

## Suspension seat

- Full suspension seat offers excellent comfort
- Operator presence system as standard

## Exchangeable components

- Engine cover, instrument panel, display and most other components are exchangeable with other capacities in the same range
- Front fenders adaptable to single or dual wheel configuration

## Improved lift speed

- Enabling high productivity

## OPTIONS

HYSTER® UT Series trucks feature a comprehensive range of standard equipment, with options to suit the specific needs of your application, including:

- 4th Function Hydraulics (+clamping function)
- Pneumatic-shaped solid (tyres)
- Various fork lengths
- Integral sideshift
- Rear, LED work light
- Strobe light
- Backup alarm
- High air intake with pre-cleaner
- Tilt cylinder boots
- Various mast heights
- Polycarbonate top screen
- Front window with wiper
- Alternate tilt angles (mast)

*Please refer to the Price List for full option configurations.*

## NOTICE:

Care must be exercised when handling elevated loads.  
Operators must be trained and must read, understand and follow the instructions contained in the Operating Manual.  
All values are nominal values and they are subject to tolerances.  
For further information, please contact the manufacturer.  
Hyster products are subject to change without notice.  
Lift trucks illustrated may feature optional equipment.  
Values may vary with alternative configurations.  
Specification data is based on VDI 2198.
